REASONS FOR ALLOWANCE

The main reason for the allowance of claim 13 is that the prior art fails to disclose the step of calculating a differential limiting torque on basis of information about a left and right wheel target differential speed and an actual left and right wheel differential speed, when said inside wheel speed exceeds said outside wheel speed by a preset threshold value in a turning state.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
